

programme outlines

CEFR A1-C2

“English Plus”
programmes are
tailored to specific
interests.

Benedetta

We've put together some fantastic **English Plus** programmes which utilise our trusted connections in London, St. Albans and Bristol. From these bases we can provide year-round courses tailored to specific interests.

Students will typically spend 15 hours per week in English based lessons, and focus on relevant subject experience & excursions for the rest of the week.

If you're looking for something unique, talk to us and we'll build it!

Here are some of our current **English Plus** programme outlines to get you inspired:

English Plus Music

The programme combines morning English lessons with a Choir/music project running through the week. Students will study and produce project work together collaboratively and will have specific input and guidance from an industry professional, culminating in a musical performance piece.

English Plus Technology & Journalism

The programme combines morning English lessons with exciting relevant experience most afternoons, including an interactive workshop at Crystal Interactive technology consultants, a visit to a local newsroom, a lecture on journalism & Broadcasting and a factory visit.

English Plus Fashion

This fantastic programme runs up to 3 weeks and includes specific module based lessons covering industry skills and background. From Business, Design, Illustration and branding elements through to presenting your finished concept and writing a C.V. the programme aims to engage students in relevant skills building for a future in Fashion!

English plus Business

With morning English lessons that build in CV preparation, interview skills and discussion of work concepts, as well as a schedule of excursions that includes a business lecture and visits to the Bank of England and Chamber of Commerce in London, this programme is set to prepare and inspire students to enter the world of business.

English plus Exam Prep

We're launching a Cambridge IGCSE preparation course (International General Certificate of Secondary Education) in 2020, with focus on Latin or Maths. Our centres are also registered to prep and host assessors for the TRINITY Graded Examinations in Spoken English as part of our summer programmes, with a widely recognised certificate provided, showing your speaking level in English.

English plus (your bespoke programme!)

If you are looking for something in particular, talk to us and we'll let you know what we can do. We're always building exciting programmes for the future and are happy to work with you to create yours.

Get set for an amazing experience with Dusemond Study Programmes!

great location options to fit your programme

info: Lessons ●

Teachers teach English classes according to the programme and learning objectives set by the Director of Studies. Usually, these lessons will be linked to the specific interest programme as part of English Plus.

Activities ● ●

English Plus visits and experiences are designed to link to the specific interest of the programme and give real-world context. Most evenings there is free time to relax or engage in activities led by your Group Leader.

Excursions ●

Led by an **Activity Leader**. A fun supporting programme of cultural visits and key tourist destinations with transport provided.
