

CEFR A1- C2

Beautiful, historic schools brought to life with our programmes!

Evert

We take pride in providing special environments and an engaging schedule for all our Summer students.

Our beautiful locations support an authentic English boarding school experience, with a mix of single, twin and some multi-bed accommodation. Students will take part in 15hrs per week of English tuition, and an exciting mix of activities and excursions.

It all comes together in a fantastic Dusemond **Summer Programme**.

Dusemond
Study Programmes

A great mix of English and activities

Our programmes are designed to support a good balance of learning, exploring and entertainment, in an overall experience that students will never forget. English language skills are not only developed in the classrooms with teachers, but also promoted throughout the campus in the interactions and activities with new friends and staff. As standard, our two week programmes include 15 hrs English tuition per week, 5 excursions with entrances included and a schedule of fun activities, games, sports and discos on site to ensure a fun-filled time for everyone.

Get more from Excursions

Our programme includes specific academic sessions on excursion destinations that the students will visit throughout their stay. Through these interactive sessions our students will not only practice their English but they will also gain a wider appreciation of British culture and generate interest in their destination before they visit! Every excursion group is accompanied by Activity Leaders and/or Teachers, with walking tours and entrances to great places as well as free time for students to shop and explore.

Inspiring locations to live and learn

Each and every school we partner with provides the perfect location for our summer programmes - safe, well located and equipped with fantastic facilities. We have carefully chosen some of the best and most prestigious schools in the country, which provide authentic and inspiring English boarding school experiences for our students. More than that, we hope that the history and tradition that surrounds each centre will inspire students to engage and push themselves, as they find themselves in the centre of a beautiful "academic stage" - usually reserved for a privileged few!

International campus with a global outlook

We recognise the important role English plays in creating a global community, but it's also the spirit, energy and internationality that makes our centres special. In summer, we host over 20 nationalities (and hundreds of different personalities!), and we aim for as much cross cultural exposure and personal growth as possible. Mixing teams and nationalities in classes and activities, means it's not only about English skills, but also about learning how to interact and collaborate with others as a future "global citizen".
